PROFORM 9000 TREADMILL

# BEST TREADMILL PRO 9000

The Pro 9000 delivers with inclines from 0 to 12% or downward declines to a negative -3%. Exercising at an incline burns more calories, builds hip, hamstring and calf strength, plus with a -3% decline you can run downhill.

**SPECIAL OFFER:** Get a Fitness Mirror FREE with Pro 9000 (\$799 value)

- incline range -3% to 12%
- fun challenges monthly
- trek interesting locales like Base Camp on Mount Everest
- trainers LIVE control the incline and decline (AutoAdjust)
- 0-12 MPH Speed
- race training - 5K to marathons
- innovative ReBound Pro Cushioning absorbs impact
- 20" x 60" Tread Belt; 3.6 CHP motor; folds with EasyLift
- 22" Smart HD Touchscreen
- 30-Day **iFIT** Family Membership Included

---

Pro 9000 \$2,299 [Shop Here](#)

# PRO 9000 VS. PELOTON TREAD

We **recommend** Proform 9000 over the Peloton tread for serious training, multiple users and frequent runs. The Pro 9000 is reliable and we found its better value than the Peloton Tread. **Save almost \$1,200** on a Pro 9000 over Peloton Tread plus you get a Free Proform Vue 180 Fitness Mirror (\$799 value) [Read full comparison](#)

## Why Choose Pro 9000 over a Peloton Tread

- **Pro 9000** has more cushioning deck
- Better Warranty on parts and labor
- More durable CHP rated motor
- Easily Folds-up / down
- **iFit** Trainers can control speed and incline in real-time - you focus on your workout
- SmartAdjust personalizes the incline, decline, and speed to your fitness level over time
- -3% decline usually found on more expensive treadmills
- **iFit** has more engaging running options out of the studio

## PELOTON TREAD

**PELOTON TREAD \$3,495 | PROFORM PRO 9000 \$2,299** [SHOP HERE](#)
